

## World Enduro Championship 2005 3<sup>rd</sup> race: Tolmezzo / Italy

7/8 May 2005. Metzeler confirms his leadership extending championship lead.

*Tolmezzo, 8<sup>th</sup> May* - Even if location, weather conditions and terrain have changed for this third round of World Enduro Championship, the results of the first 2 races has been confirmed again.

In the spectacular natural area of Tolmezzo, Metzeler riders managed perfectly to overcome all the difficulties of the 55km track. Passing from the very hard and tricky Xtreme test done on the wet and dry rocks of a river, to a very demanding and slippery Cross test, to the final, very fast Enduro test done on a fascinating little valley, our riders have proven all their ability.

Metzeler is proudly dominating all classes and congratulates all his riders, who are more and more convinced that the switch to Metzeler was the right choice thanks to the superior performance provided by the MCE 6Days fitment.

We are all looking forward to the 4th race in Guernica/Spain, 4/5 June 2005.

Podium is the obvious result when action performance is superior...
